

Join us for the 2022 Computational Psychiatry Course... And More!

Invited Speakers:

Keynote: Helen Mayberg

Katie Aafjes-van Doorn

Rick Adams

Laura Berner

Vanessa Brown

Adam Chekroud

Phil Corlett

Nathaniel Daw

Vincenzo Fiore

Xiaosi Gu

Catherine Hartley

Guillermo Horga

Hanna Keren

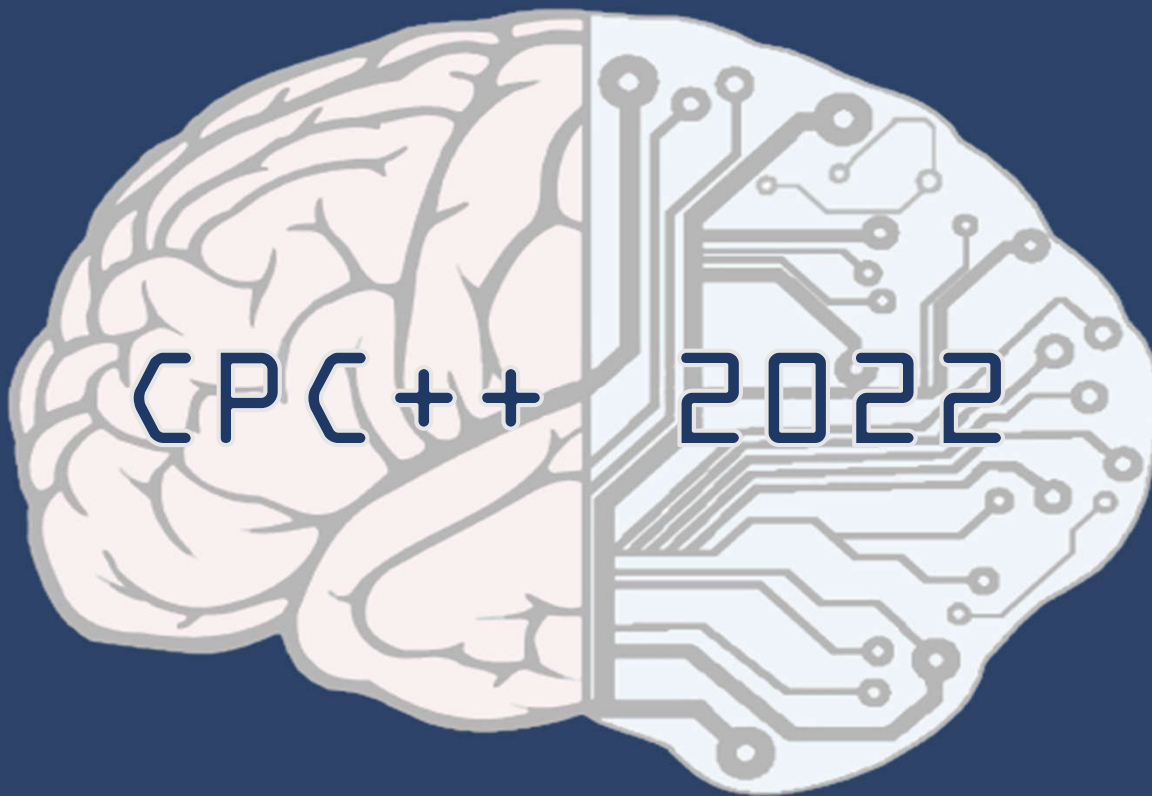

Anna Konova

Conor Liston

Yael Niv

Angela Radulescu

Daniela Schiller

When: July 20th - 21st, 2022

Where: Riverside Church, NYC

Mount
Sinai

*Center for
Computational
Psychiatry*

CPC++ 2022 Agenda

Wednesday
July 20th

8:30am

Check in at Assembly Hall

8:55am

Xiaosi Gu: Opening remarks

9:00am

Angela Radulescu: Introduction to reinforcement learning and computational psychiatry

9:45am

Vincenzo Fiore: Bayesian inference

10:30am

Coffee Break in Assembly Hall

11:00am

Yael Niv: Fitting models to experimental data & model fitting example

12:00pm

Lunch in Assembly Hall and 9T

1:15pm

Nathaniel Daw: Multiple learning systems

2:00pm

Xiaosi Gu: Modelling social interactions

2:45pm

Coffee Break in Assembly Hall

3:15pm

Panel 1: Laura Berner, Anna Konova, and Vincenzo Fiore

Behavioral Control Disorders

4:15pm

Angela Radulescu moderates panel 1 discussion

4:45pm

Helen Mayberg: Keynote

5:30pm

Poster Session and Reception in 9T

CPC++ 2022 Agenda

Thursday
July 21st

8:30am

Check in at Assembly Hall

9:00am

Panel 2: Rick Adams, Phil Corlett, and Guillermo Horga
Maladaptive perception and beliefs

10:00am

Laura Berner moderates panel 2 discussion

10:45am

Coffee Break in Assembly Hall

11:15am

Data Blitz

12:00pm

Lunch in Assembly Hall and 9T

1:15pm

Panel 3: Catherine Hartley, Hanna Keren, and Conor Liston
Mood and affect

2:15pm

Daniela Schiller moderates panel 3 discussion

3:00pm

Coffee Break in Assembly Hall

3:30pm

Panel 4: Yael Niv, Vanessa Brown, and Katie Aafjes-van Doorn
Computation and therapy

4:30pm

Adam Chekroud moderates panel 4 discussion

5:15pm

Closing remarks
